

TO OUR STEP UP FAMILY:

We are so thankful to be able to provide a safe, nurturing environment for your children to thrive. Because of you, and your support, we are able to continue doing what we love.

With the ever-changing world and constant uncertainty, we feel our role in your child's life is more important than ever. The consistency Step Up provides each child during these turbulent times are not taken lightly. The precautions we take are to ensure you and your family are safe and able to continue to watch your child thrive.

*****In order to continue to do our part, we have altered our guidelines to fit these times. Please read this email in its entirety. Some changes have occurred.*****

We will continue to follow all guidelines set forth by the CDC, OSHA, and Clark County. We have added extra precautions in order to maintain safe social distancing practices. Our studio has and always will be cleaned daily by a professional cleaning company. Our cleaning company uses medical grade cleaners. Our faculty sanitizes each room, the barres, lights switches, and door knobs hourly. We have added fogging to our regimen (see Instagram and Facebook for more information on this cleaning).

UPDATE ON PROTOCOLS

- Children ages 6 and older must be dropped off. If your child is younger than 6 years old, ***only one parent/guardian can be present***. If possible, please wait outside the studio. **OUR LOBBY IS NOW CLOSED.**
- **We will be providing a live stream link for the parents to watch each class remotely. Please take advantage of this and help us stay open.**
- Siblings are not allowed.
- We are requiring all students in Level 1 and higher to wear their masks

at all times. We strongly encourage all students to wear masks if they can do so safely.

- Please do not drop your child off for class more than five minutes before class begins.
- Please arrive 10 minutes before class ends. To ensure a smooth transition of classes, please wait outside and we will dismiss each child from the lobby while our faculty cleans each area thoroughly.
- Every room has an “X” spaced 6 feet apart. The rooms are lined with spots for children to stand while waiting to go across the floor.
- Water fountains are **not** be available for use. Please bring a water bottle. We will be discarding all water bottles left at the studio for sanitary reasons.

If your child or anyone in your family has a fever, cold, coughing, diarrhea, etc., please keep your dancer home. We always offer make up classes.

While some of these added protocols may seem as if we are taking a step backward, we feel by doing our part we can **STAY SAFE AND STAY OPEN!**

THANK YOU FOR YOUR SUPPORT! WE APPRECIATE YOU!

Christine DeLessio & Christina Sapone
